# aequationes mathematicae

**Editorial Office**

University of Waterloo, Faculty of Mathematics, Waterloo, Ontario, Canada N2L 3G1.

*aequationes mathematicae* is published by the University of Waterloo and Birkhäuser Verlag.
The journal publishes papers in pure and applied mathematics in general, but, in particular, papers on functional equations, combinatorics, dynamical systems, and numerical analysis. The languages in which papers will generally be accepted are English, French, and German.
Types of manuscripts that will be considered for publication include original research papers, problems and their solutions, research survey papers and self-contained summaries of papers which have been accepted for publication either by this or some other journal with a referee system. In addition, bibliographies and reports of meetings on topics of particular interest to the journal will appear from time to time. Manuscripts of papers should be submitted to the Editorial Office or to a member of the editorial board. Authors of papers should send the original and two additional copies. Since it is the policy of the journal to publish summaries of accepted papers (in advance, if a long delay in publication is anticipated), authors should include with the original manuscript a self-contained summary of not more than 25 lines which contains a statement of the main results of the paper. Authors should also include an AMS classification for their paper.

**Subscription information**
This journal appears in 2 volumes of 3 issues (6 issues in 1992)
Annual subscription: sFr. 418.–, DM 498.–, US$ 284.00, postage not included.
Single issue: sFr. 85.–, DM 104.–, US$ 60.00, postage not included.
Subscription orders should be placed with Birkhäuser Verlag, P.O. Box 133, CH-4010 Basel/Switzerland, or through bookseller or subscription agency.
Additional charges for airmail are available on request.
Claims for undelivered issues must be made promptly – at the very latest, immediately following receipt of the issue succeeding the missing number. Annual subscriptions cannot be cancelled before the fixed date of expiration. Cancellations of standing orders must be effected 2 months before the end of the publishing year.

**Copyright**
It is a fundamental condition of publication that submitted manuscripts have not been published, nor will be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature, and translations. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher:
Birkhäuser Verlag, P.O. Box 133, CH-4010 Basel/Switzerland.

**For users in the USA:**
The appearance of the code on the top of the first page of each article in this journal indicates the copyright owner's consent that copies of articles may be made for personal or internal use, or for the personal or internal use of specific clients. However, this consent is given on the condition that the copier pay the stated per copy fee through the Copyright Clearance Center, Inc., 21 Congress St., Salem, Mass. 01970, for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distributions, for advertising or promotional purposes, for creating new collective works, or for resale. For copying from back volumes of this journal see Permission to Photo-Copy: Publisher's Fee List of the CCC.

**For users in the Federal Republic of Germany:**
All rights reserved (including those of translation into foreign languages). No part of this journal may be reproduced in any form by photoprint, microfilm, or any other means nor transmitted or translated into a machine language without the written permission of the publishers. Only single copies of contributions, or parts thereof, may be reproduced for personal use. Copies reproduced and used for other than private purpose in an industrial or commercial undertaking are subject to copyright and in such cases, a copyright fee must be paid to the VG WORT, Abteilung Wissenschaft, Goethestrasse 49, 8000 München 2, from whom conditions of payments can be obtained on request.
